

SPECIFICATION

DucoClose F 35 Z

Make : Duco 'Ventilation & Sun Control'

Type : DucoClose F 35Z,
closable aluminium window vent

Description : DucoClose F 35Z is a closable aluminium window vent allowing for intensive ventilation and providing an ideal solution for night cooling. The aerofoils are beautifully finished outside (Z shape) and inside (rounded). The moveable Z aerofoils allow for adjustable ventilation with a choice of manual or electric operation. The vents come in a standard F1 version (15-20 µm), although all RAL colours are available (60-80 µm). DucoClose is also available with an (optional) insect and vermin mesh.

Material :

- a) Aluminium : ISO 209-89: 6063
